

Catch::Benchmark::Execution
Plan::run

```
graph LR; A[Catch::Benchmark::ExecutionPlan::run] --> B[Catch::IConfig::benchmarkSamples]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'Catch::Benchmark::ExecutionPlan::run'. The right box is gray with a black border and contains the text 'Catch::IConfig::benchmarkSamples'.
