

Catch::RunContext::
runTest

Catch::RunContext::
~RunContext

Catch::RunContext::
aborting

```
graph LR; A[Catch::RunContext::runTest] --> C[Catch::RunContext::aborting]; B[Catch::RunContext::~RunContext] --> C;
```

The diagram illustrates a control flow or state transition. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'Catch::RunContext::runTest' and the bottom box contains 'Catch::RunContext::~RunContext'. On the right, there is a gray rectangular box containing the text 'Catch::RunContext::aborting'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'runTest' and '~RunContext' can lead to the 'aborting' state.
