

Catch::TestCaseTracking
::ITracker

```
graph BT; A[Catch::TestCaseTracking::SectionTracker] --> B[Catch::TestCaseTracking::TrackerBase]; B --> C[Catch::TestCaseTracking::ITracker];
```

The diagram illustrates an inheritance hierarchy for Catch2's test case tracking. It consists of three rectangular boxes arranged vertically. The top box is white with a black border and contains the text 'Catch::TestCaseTracking' followed by '::ITracker' on the next line. The middle box is gray with a black border and contains the text 'Catch::TestCaseTracking' followed by '::TrackerBase' on the next line. The bottom box is white with a black border and contains the text 'Catch::TestCaseTracking' followed by '::SectionTracker' on the next line. A blue arrow points upwards from the top of the bottom box to the bottom of the middle box. Another blue arrow points upwards from the top of the middle box to the bottom of the top box.
